## Appointment booking and chat service

You can book an appointment quickly and easily at any hour on Terveystalo's website [www.terveytalo.com](http://www.terveytalo.com), in the Oma Terveys mobile app or by calling **030 6000**. You can also see a doctor through the chat in the Oma Terveys service.

## In the case of accident at work

If an accident happens at work or on the way to or from work, you should contact our appointment booking service or go to the nearest Terveystalo. Your employer has insured you against accidents at work, so you should also immediately report any accidents to your supervisor.

## Your health information as well as information about health and benefits

The Terveystalo Oma Terveys service allows you to book appointments and manage and utilise your health information safely, regardless of time and place. You can see, for example, laboratory test results, vaccination and prescription information, your appointments and the professionals who treated you. You also get information about health and current benefits. Register at [www.terveytalo.com/omaterveys](http://www.terveytalo.com/omaterveys).
