

MONDAY MARCH 23RD **YOU ARE INVITED**

**Hosted by the Light Microscope
Core Facility, Biocenter, Oulu**

First Lab-on-a-tip™ technology in the world.

This workshop presents the latest technology for performing experimental cell biology at the single cell level. We will demonstrate to you the unique easy-to-use features of the multifunctional pipette and highlight how your solutions can be delivered precisely when and where needed.

Speaker: Dr. Aldo Jesorka, Associate Professor, Chalmers University

Please sign-up your participation before March 17th by contacting:

Veli-Pekka Ronkainen, Light Microscopy Core Facility, Biocenter

E-mail: veli-pekka.ronkainen@oulu.fi

Phone: 0294-486 114

**Opens the
floodgates for new
scientific
discoveries**

**Expose only the
cell you want,
without affecting
the rest**

**Applications
within;
Enzymology
Ion Channel
Pharmacology
Tissue Physiology
Neuronal probing
Bioprinting
and more**

AGENDA:
09.45-10.00 REFRESHMENTS
10.00-10.45 PRESENTATION
10.45-11.00 Q&A
11.00-11.30 DEMO
11.30- HANDS-ON

**PLACE: BIOCENTER OULU
KIEPPI LABORATORIES,
Aapistie 5A, 4TH FLOOR
ROOM 487B**
