

DEPARTMENT OF CHEMISTRY AND BIOCHEMISTRY

Shahriar Mobashery
Navari Family Professor of Life Sciences
McCourney Hall
University of Notre Dame
Notre Dame, IN 46556-5710
p: (574) 631-2933 f: (574) 631-9108
E-mail: mobashery@nd.edu

June 30, 2020

Dear Friends:

I am writing to solicit your help in identifying outstanding candidates for one postdoctoral position in my laboratory. Please bring this to the attention of your students and kindly distribute this e-mail among your colleagues, as you see fit.

A brief description of the positions is given below:

Biochemists/Molecular Biologists/Biotechnologist: One postdoctoral position suitable for someone of background in molecular biology, biochemistry or biotechnology is available. The qualified applicants will have the Ph.D. degree in one of these disciplines. The tasks involve cloning genes, expressing proteins, purifying proteins and characterizing them by performing kinetics and functional experiments. Knowledge of enzyme chemistry is desirable, but not a requirement. The projects deal with antibiotic resistance, bacteria cell-wall biosynthesis and recycling. The work environment is multidisciplinary and the successful candidates will have the opportunity to work among a large group of scientists of similar interests within the group.

South Bend, Indiana, is a college town and a wonderful place to live. The cost of living is relatively low, so students and postdocs enjoy a higher standard of living compared to other locations. The city is within 1.5 hours of Chicago by car and there are regular train and air service as well.

Interested candidates should e-mail their curriculum vitae, along with the names of three individuals who would be able to write letters of recommendations on their behalf to the addresses below:

Prof. Shahriar Mobashery (mobashery@nd.edu)
Department of Chemistry and Biochemistry
354 McCourney Hall
University of Notre Dame
Notre Dame, IN 46556 USA

With very best regards and good wishes,

A handwritten signature in black ink that reads "Shahriar Mobashery".
