

Call for proposals 1/2019

For International networking in the Arctic research, especially

- Organizing or participating in EU/international project preparation meetings
- Research profiling actions in the University of Arctic thematic networks, Arctic Five collaboration, and others in the Arctic.
- Introduction and promotion of the international profile of the Arctic research groups at the University of Oulu (external services for high quality videos* or other electronic presentations of the research groups etc.)

Who can apply?

- Researchers (principal investigators = postdocs, professors) or research groups/units at the University of Oulu.

This targeted call is open for all principal investigators or the heads of the research units/groups at the University of Oulu. You can propose international research networking actions, which strongly promote and initiate international cooperation between research groups in the Arctic research.

The total money allocated to the first call is 30 000 €. The total sum of one grant can vary between 2500-7500 €**, and the grant must be used before the end of August 2019.

Application form: <https://link.webropolsurveys.com/S/537A9048B5720415>

Appendices: 1) Action plan (max 2 page) with detailed budget 2) CV (applicant /head of the research group).

The Deadline of the proposals is Thursday 28th February at 16.00 o'clock.

* contact the Communicaton unit to find UniOulu's contract partners in video productions

** 7500€ only if there are both meeting and marketing actions

Approval of submitted proposals

PROFI4 Arctic Interactions Management group of the University of Oulu will discuss and rank submitted proposals in early March 2019 and forward them to the decision making of the PROFI4 Strategic Steering Group (vice-rector, research; deans, management).
