

Biologian torstaiseminaari (750618S/A)/Thursday Seminar in Biology

Spring 2019

Thu 17.1.2019, 12.15-13.00 AT115A

Dr. Jaakko Pohjoismäki (University of Eastern Finland)

"Sleeping with the enemy: ecological interactions and adaptive hybridization between brown hare (Lepus europaeus) and mountain hare (L. timidus)"

Host Jouni Aspi

Thu 24.1.2019, 12.15-13.00 AT115A

Dr. Erin Welsh (University of Oulu)

"Abiotic and Biotic Determinants of Tick-Borne Disease Risk in Central Panama"

Host Eva Kallio

Thu 31.1.2019, 12.15-13.00 AT115A

Dr. Henry Pihlström (University of Helsinki)

"On the track of extinct tigers: identification of unprovenanced tiger specimens in the collections of the Finnish Museum of Natural History, Helsinki"

Host Jouni Aspi

Thu 28.2.2019, 12.15-13.00 AT115A

Prof. Hans-Georg Sahl (University of Bonn, Pharmaceutical Microbiology)

"Developing novel antibiotic drugs: how are we going to find new targets and compounds"

Host Anna-Maria Pirttilä

Fri 1.3.2019, 12.15-13.00 AT115A – NOTE THE DAY!

Prof. Øystein Varpe (University Centre in Svalbard & Stockholm University)

"Life history adaptations to seasonality"

Host Sami Kivelä

Thu 14.3.2019, 12.15-13.00 AT115A

Dr. Max Volstädt (University of Oulu)

"Ecosystems under global change: Functional diversity and mutualistic interaction networks on tropical mountains"

Host Sami Kivelä

Wed 20.3.2019, 12.15-13.00 SÄ112 – NOTE THE DAY

Dr. Antoine Kremer (INRA Université de Bordeaux UMR BIOGECO)

"Contemporary microevolutionary changes in oaks"

Host Outi Savolainen

Thu 25.4.2019, 12.15-13.00 AT115A

Dr. Topi Lehtola (University of Oulu)

TBA

Host Arja Kaitala

Thu 9.5.2019, 12.15-13.00 AT115A

Dr. Anni Hämäläinen (University of Oulu)

TBA

Host Phill Watts

Thu 16.5.2019, 12.15-13.00 AT115A

Dr. Janne Koskimäki (University of Oulu)

TBA

Host Anna-Maria Pirttilä
