

## Welcome to Seminar: New State of the Art Flow Cytometry Solutions from Sony Biotechnology

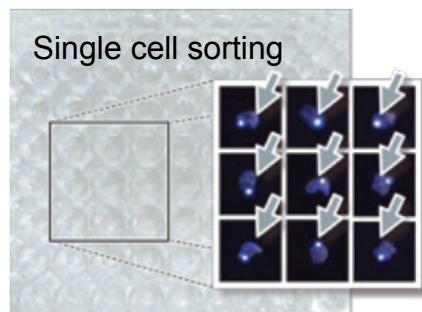

**Tuesday 15.3.2016 at 9.45**

**Microbiology Seminar Room 289B in Kieppi, Aapistie 5 A**

**Come and learn the latest flow cytometry solutions from Sony!**

### **Sony SH800 Cell Sorter**

makes cell sorting easy using the fully automated setup & sorting chip.  
SH800 sorts into tubes or plates.  
Flexible and affordable configuration options with up to 4 lasers.  
**This is how easy cell sorting can be!**

**Sony Spectral Analyzers - first flow cytometers doing spectral analysis**  
- enabling the analysis of more colors and highly overlapping fluorochromes & fluorescent proteins by measuring the full spectrum of each event!

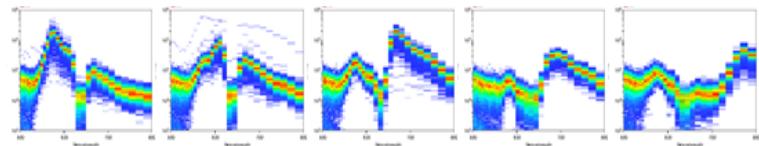

**WELCOME!**

**Coffee at 9.45**
