

The Finnish Society of Clinical Pharmacology has a great pleasure to invite you to attend the second Nordic Conference on Personalized Medicine (NORPM2023) in Turku, Finland, 14-16 June 2023. This three-day conference will bring together outstanding Nordic and international scientists to promote research and implementation of personalized medicine. The target group for the conference is both academic and industry researchers and especially PhD students in the field of personalized medicine and clinical pharmacology in the Nordic countries and globally.

NORPM2023 will build up on the excellent experience and legacy from the first NORPM organized in Nyborg, Denmark in 2018. NORPM2023 is organized by the Finnish Society of Clinical Pharmacology in cooperation with the University of Turku and sponsored by the Nordic scientific journal [Basic & Clinical Pharmacology & Toxicology](#).

Why attend NORPM2023?

- State-of-the-art [scientific programme](#) at Radisson Blu Marina Congress Hotel located on the banks of the river Aura in the center of Turku
- Enticing [social programme](#) including welcome reception at Turku City Hall and congress dinner at Restaurant Göran located within the Forum Marinum Maritime Centre
