

What Can You Be With a PhD? – Versatile Scientist Careers

Are you thinking about life after graduation, planning next steps in your career or just interested in broadening your career horizon?

Come and listen to interesting and inspiring career stories and working life experiences! Seven PhDs will talk about their current and past jobs, choices they have made, and things that have had influence on their careers.

The seminar takes place on **March 11, 2013 at 9.15-15.00** (Kontinkangas campus, Aapistie 5A, Oulu)

More information and registration by **March 5, 2013 at 16.00:**
