Invitation

BEHEALTH - Online Brokerage Event in Healthcare 2022

25th-27th of October 2022

Do you want to meet successful entrepreneurs and intrapreneurs in health?

Find out how EU funds made the difference?

Do you want to make a real impact on healthcare innovation?

Then BEHEALTH 2022 - Online International Event in Healthcare, 5th Edition is for you!

BEHEALTH 2022 is an online edition and it will take place between 25th and 27th of October, 2022.

During 3 days, the event will bring together national and international speakers and participants in the field of health, bioeconomy, research and European funds, that will attend:

- 11 thematic sessions
- a Health Start-up Contest with 3 rewards
- an Abstract Contest with 3 rewards
- 8 hours of B2B meetings

We aim to create a unique experience for participants by covering mixed areas such as the importance of internationalization, specific techniques and policies for entering the foreign market, the role of clusters in the innovation process, access to national and international financing sources, models of best practices in business, intellectual property rights and international networking in Health Domain.

Based on the history of last year's participation, we estimate at least 350 participants: entrepreneurs from the industry, universities, the scientific community, hospitals, civil society, Romanian policymakers and European Commission representatives, international networks representatives.

The event is organized by the Association ROHEALTH - Cluster for Health and Bioeconomy – www.rohealth.ro.
