NETWORK OF INNOVATION HUBS

## WRAPPING UP: Regulatory Essentials in Health Tech

**MDR, IVDR, Brexit, US FDA and specific requirements for Cyber Security and Artificial Intelligence**

**Thu 3 June 2021, 09:00 - 11:45**

**REGISTER [HERE](#) and book the slot in your calendar!**

**6Aika: Ecosystems of Growth project** offers a wrap-up webinar for Regulatory Essentials in Health Tech, a training series provided by **Lean Entries Ltd.**

The event offers insights to some of the current hot topics in Health Tech, covering design and commercialization of new diagnostics and medical devices or medical device software.

**The webinar is open to all health tech startups, researchers and students from Oulu, Turku, Tampere and the Capital region.**

You will have the chance to present questions to experts and network with other attendees. Part of the webinar takes place in breakout rooms with brief presentations and in-depth discussions.

## PROGRAMME

9:00-9:45	<b>The Newest on the MDR Transition in May 2021</b>
9:45-10:30	<b>Entering United Kingdom - Practices after Brexit</b>
10:45-11:30	<b>Breakout rooms:</b> Short introduction to topic, focus on Q&A <b>Cyber security and Requirements for AI Today</b> <b>The Basics and the Newest on the US FDA</b> <b>The Upcoming IVDR in May 2022 - Only One Year to Go</b>
11:30-11:45	<b>Summing up the breakout rooms</b>

When registering for the event you can send us wishes on additional topics to be covered in the breakout rooms

The event will be held partly on Brella, giving the attendees the possibility to network with other attendees before, during and after the event.
