Diagnostics
Health service innovations

HOW IT WORKS

?

YOUR IDEA IS YOURS

We help you cultivate and validate your business idea, paving the way for your entrepreneurial journey.

BENEFIT FROM THE NETWORK

In addition to engagement with the local community, we will facilitate networking on a national and international scale.

OUR PROSESSIONAL SUPPORT

We help validate the business model, build a team, test the market fit, and develop a growth roadmap tailored to fulfill the unique demands of the healthcare.

BUILD SUCCESS – CONQEUR THE WORLD

We will help your innovation get to the market faster and build a strategy for internationalization. The world is waiting for your solution!

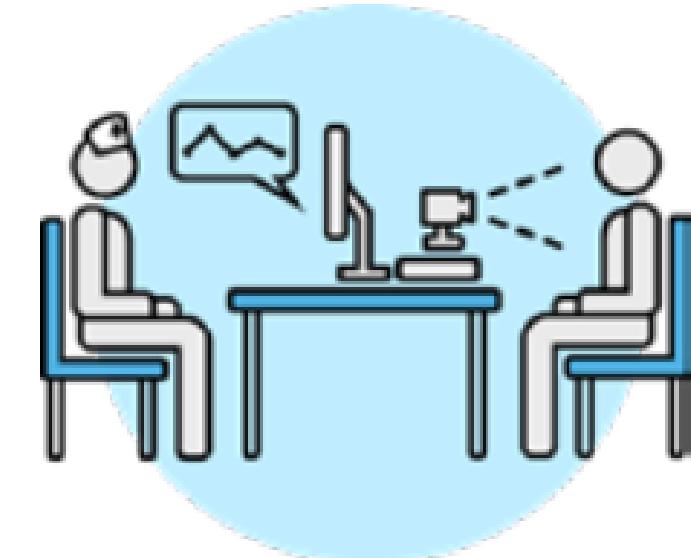

Success story –

VitaCam by NE Device SW

#Contactless

#Customizable

#ClinicalSafety

Demand expressed by a nurse at Oulu University Hospital – the need for remote respiratory monitoring.

Solution – using machine vision to detect respiratory rate.

From an idea to regulatory compliant innovation in less than 2,5y, significantly faster than the average time of 5-7y.
