### LETTER OF RECOMMENDATION

Ms Kalypso Filippou (born 2<sup>nd</sup> May 1990) is a student of the University of Turku. She studies in a two-year Master's degree programme in Learning, Learning Environments and Educational Systems. At the end of her studies she will receive a Master of Arts (Education) degree. An obligatory part of her studies is a Master's thesis for which she has to carry out independent research. The supervisor of her thesis work is Prof. Johanna Kallo (johanna.kallo@utu.fi). At <http://www.edu.utu.fi/en/studying/llees/> you will find information about the Master's degree programme itself. We would be pleased if you could provide or enable Ms Filippou to reach the information that she needs for carrying out the research. Please do not hesitate to contact me or University Researcher Johanna Kallo if there are any questions.

Yours sincerely,

  
International Officer Henriikka Salminen
