

**Graduate student/Post-doctoral researcher positions available in the Protein Chemistry Research Group, Institute of Biotechnology, University of Helsinki and Unit of Excellence in Immunotoxicology, Finnish Institute of Occupational Health, Helsinki to characterize activation of innate immunity using modern proteomics tools. We have also projects available for undergraduate students (Pro Gradu projects).**

We are looking for enthusiastic and hard-working candidates; preference will be given to applicants with previous experience in immunology/molecular biology/protein chemistry/proteomics/biological mass spectrometry/bioinformatics. The application should include a complete CV including education and previous degrees obtained, prior research experience, and contact information for at least one referee.

For further information, please contact docent Tuula Nyman, +358 9 191 59411, ([tuula.nyman@helsinki.fi](mailto:tuula.nyman@helsinki.fi)) or docent Sampsia Matikainen, +358 30 474 2592, ([sampsia.matikainen@ttl.fi](mailto:sampsia.matikainen@ttl.fi)).

Applications should be sent by e-mail to docent Tuula Nyman ([tuula.nyman@helsinki.fi](mailto:tuula.nyman@helsinki.fi))  
**The deadline for applications is September 10th, 2010.**
